

MENTORING. MAKE A DIFFERENCE.

The mission of the ULI Orange County/Inland Empire Young Leaders Group Mentorship Program is to foster an exchange of professional ideas, friendship, and expertise among young real estate professionals and industry veterans that are members of the Urban Land Institute. This program matches young professionals (“Protégés”) from the Young Leaders Group with experienced professionals (“Mentors”) for guidance and support, while offering mentors an opportunity to strengthen ties with future real estate leaders.

THE MENTORING RELATIONSHIP

The Mentorship Program affords both young and experienced professionals the opportunity to develop a dynamic relationship from which both mentors and protégés benefit in a small group setting. The ideal mentoring relationship is one that exceeds fact-finding and delves into personal knowledge and experience. In many cases, young professionals have certain career goals, but do not have the firsthand experience or insight on what to expect or how to achieve their goals. Mentors are invaluable resources in helping guide and advise the protégés to actualize their based upon their experiences.

Building professional and social relationships with each other is accomplished through participating in a minimum of six (6) group sessions with at least three (3) qualified and diverse protégés and one seasoned mentor. The structure of each meeting will be designed by the group members to ensure that key concerns and objectives of each group are addressed.

MENTOR

As a mentor, you will serve as the link between career goals and the realities of the business world for at least three (3) young professionals or graduate students. As a mentor, you will discover the personal benefits of making a difference in a young professional’s career development.

Rewards of Being Mentor

- Make a difference in the lives of young professionals interested in your area of expertise.
- Create valuable networking and recruiting opportunities.
- Strengthen your ties with Urban Land Institute’s Young Leaders Group.
- Gain a fresh perspective and additional experience as an advisor, supporter, tutor and coach.
- Receive personal and professional satisfaction by contributing to the success and growth of your protégés.
- Increase the value of the local real estate community by personally investing in future young professionals.

PROTÉGÉS

As a protégé, you will benefit from personal interaction with an experienced real estate professional as well as a small group of your colleagues. You will be given an opportunity to create and foster relationships that will broaden your industry knowledge and help you to understand the variety of fields within the real estate industry. Please review this list to assess whether you are prepared to be a protégé:

- I know the kind of mentoring you want.
- I can be counted on to carry out commitments to follow up with my Mentor.
- I appreciate the Mentor’s willingness to participate.
- I believe I can offer my protégé group and mentor something. The relationship should be mutually beneficial.
